A-Levels Assessment

Thousands of learners worldwide gain places at leading universities every year with Cambridge International AS and A Levels. The syllabuses develop a deep understanding of subjects and independent thinking skills. Learners use Cambridge International AS and A Levels to gain places at leading universities worldwide including the UK, Ireland, USA, Canada, Australia, New Zealand, India, Singapore, Egypt, Jordan, South Africa, the Netherlands, Germany and Spain. Learners can choose from a range of assessment options to gain Cambridge International AS and A Level qualifications:

1. Take the Cambridge International AS Level only. The syllabus content is half a Cambridge International A Level.
2. Take a 'staged' assessment route – take the Cambridge International AS Level in one examination series and complete the final Cambridge International A Level at a subsequent series.
3. Take all papers of the Cambridge International A Level course in the same examination session, usually at the end of the course.

Each subject that a learner takes receives a separate grade. Grades are benchmarked using internationally recognised grades, which have clear guidelines to explain the standards of achievement. The Cambridge International A Level is reported on a grade scale from A* (highest) to E (minimum required performance). There is no A* grade for Cambridge International AS Levels, which run from grade A to E. The following are details for A-Level assessment held at SJIS in coming session.
