St. John's International Secondary School is an approved school by Cambridge Assessment International Education (CAIE) and registered under MOE Malaysia.

Collaborative Partners

Message from the CEO

A Symbol Of Faith & Fortitude

In accordance with the centuries old La Salle Tradition, St. John's International Secondary School believes that our SJIS Alumni are instrumental in inspiring and motivating our students, both current and graduates. Our mission at St. John's International Secondary School has always been to educate our students to be future leaders in a comprehensive and high-quality manner, while at the same time creating wonderful memories of their alma mater.

At SJIS, we strongly believe that the consistency of curricular instruction and assessments is essential. After the difficulties faced in the last two years, we are proud to be on track as the country moves into an endemic phase. This showed how passionate we are about building student academic success without compromising our standards. Our teachers and students really gave 110% effort to ensure a smooth flow in education.

We take it as our personal responsibility to constantly find innovative ways to strengthen our alumni community, to help them maintain a lifelong connection with us and with each other, to share experiences and expertise, to enjoy exclusive offers, to build their personal and professional network, and to give back to society via volunteering opportunities.

As always, SJIS encourages you to be a part of our success. We love hearing stories about your achievements and successes, and it would be our privilege to feature your thoughts and experiences in our publications, social media and our official website. Hence, we encourage all of you to reach out to all your class/schoolmates from SJIS to join you as an SJIS Alumni and keep this community thriving and vibrant!

Till the next time.

Anne Rajasaikaran
Chief Executive Officer

Message from the Principal

Greetings, one and all

Our goal at St. John's International Secondary School has always been to give the next generation of leaders a high-quality and all-encompassing education. We make it our personal mission to continually monitor our students' academic and testing needs in order to support this objective. I firmly believe in the power of purposeful living and collaborative teaching and learning to shape our future.

We fully believe that the consistency of curricular guidelines and evaluations will propel us towards becoming a high-performing institution. Because we at SJIS want to achieve success together, we have improvised our academic planning to help our students in every way.

At SJIS, we strive to achieve success together, which is why we've improved our academic strategy to help our students in every way. Our Lower Secondary students are exposed to and prepared for four IGCSE-based subjects so they can take the exams by the end of Year 9. In order to further develop and refine their talents, we also list the top 10 subjects for them at the IGCSE level in Year 10 itself. The students have a better understanding of their professional options and prerequisites due to the much-needed exposure. Every action we do at SJIS always returns to our overarching objective of preparing our students for life and the aspiration for our beloved school is to inspire purposeful growth in both present and future students. In an era marked by rapid AI and technological advancements, I am committed to nurturing human-centered learning. Together, we will equip our students to thrive in a global economy while preserving the core values that define St. John's. Let's embark on this transformative journey, ensuring that every student's potential is realized to the fullest.

Emphasizing it again, it's motivating to have you here. Let's continue our objective to create a more solid structure that will lead students and assist them to grow into entirely brand-new individuals with excellent holistic qualities. I look forward to working hand in hand with this remarkable community, dedicated to fostering excellence in education and character development.

We are always here for you! We hope you will have a wonderful session ahead. With the best compliments,

Deborah Gordon

Principal of St. John's International Secondary School

SJIS. A booming education pathway and holistic transition for your child.

About St. John's International Secondary School

St. John's International School or SJIS is a private-funded International School that is an associate La Salle School in collaboration with the La Salle Brothers in Malaysia.

The establishment of SJIS is in keeping with one of the priorities of the Lasallian Family in Malaysia to cater to the needs of young Malaysians, and also to link the school with a Lasallian organisation that has an outstanding and reputable long-history of delivering excellent education not only in Malaysia but in 82 countries worldwide.

SJIS presents a new milieu for students from different cultures and backgrounds to be nurtured in education, sports and extra-curricular activities excellence. We realise that a holistic education is also one that promotes values of respect for all and a sense of responsibility. Good discipline and strong student-faculty relationship are emphasised to create a mutual and respectful learning environment within the school.

SJIS is part of the excellent scholastic tradition that began with St. John's Institution, Kuala Lumpur in 1904. SJIS shares not just the ethos but also the same location and part of the structure as St. John's Institution's noted arched edifice with a red and white brickwork facade. Set against one of the world's oldest tropical rainforest enclaves, the Bukit Nanas Forest Reserve, the area is lush and tranquil as well while providing a view of the KL Tower and the Petronas Twin Towers.

Students and parents are aware and recognise the distinctive SJIS educational characteristics. Members of SJIS faculty are discerningly selected for their top academic qualifications and methodical competencies. They are chosen for their penchant in the scholastic care of students, and in the consistency in maintaining updated knowledge and practice. At SJIS, we envision a great learning experience for our students. Our focus on varied exposures and the well-balanced needs of students will set them on a trail blazing path in higher education studies glory and a bright future.

Quality Policy

St. John's International Edu Group Sdn. Bhd. (SJIEG) is the holding company of SJIS and is committed to providing its students a high quality learning experience to enable them to develop their full potential in academic and character development and achievements. SJIEG will strive to provide services that meet or exceed the expectations of its stakeholders and to continually improve its service level through compliance with all regulatory requirements and regular review of quality objective. Towards this aim SJIEG will undertake continuous risk assessment by identifying measures for further improvement.

Mission

St. John's International Edu Group Sdn. Bhd. throughout the year)

Our Curriculum

IGCSE

YEAR 10 – 11

The Cambridge International General Certificate of Secondary Education (IGCSE) is one of the most recognised qualifications around the world.

Cambridge IGCSE courses are renowned for developing vital education skills, including recall of knowledge, oral skills, problem-solving, initiative, teamwork and investigate skills. The resulting qualification provides a foundation for higher level courses, such as Cambridge GCE A-Level, the North American Advanced Placement Programme and the International Baccalaureate.

The Cambridge IGCSE programme caters to different levels of ability with a choice between core and extended papers in many subjects. The core curriculum is based on an overview of the subject and is suitable for students expected to achieve grades between C to G.

The extended curriculum is more challenging and designed for students who are expected to achieve grades A to C. The grades achieved through either route possess the same value.

Internal Examination

4 Assessments /
2 assessment
(per semester)

**The more you
learn, the more
places you'll go.**

SJIS has always been in the forefront, providing quality education and taking the lead by applying new initiatives and strategies, while at the same time upholding its fine tradition.

On 19th March 2019, we unveiled the journey of our prestigious Campus 2 - our new campus for the Upper Secondary and Pre-University students, crafted with exclusive amenities and decked with a modern outlook. All the floors flaunt a vibrant-colour themed carpeting, well-equipped science laboratories which are fully furnished for the incorporation of STEM education and a modern library, complete with a discussion room.

Our cafe displays a myriad of casual dining and quick bites for our students. The impressive lounge is a fun-filled place for students to unwind and relax after a long lecture sessions. SJIS Campus 2 will continue to develop in time and will undoubtedly become one of the leading international schools in Malaysia.

Embedded Programmes

English Language Mastery Programme

- Year 7: Basic English Language Mastery programme
- Year 8: Intermediate English Language Enhancement Programme
- Year 9: Advanced English Language Enhancement Programme

Success Planner: Exam Preparation Strategies

Success Planner is an Australian Programme that we have adopted as part of our embedded programme. This programme will give students a strategic methodology to shape their study skills, learning goals and finally emerge as independent learners.

Programme Highlight:

- Learn how to take a strategic approach to exam preparation
- Create a detailed plan to manage each subject
- Discover the secrets of multiple-choice questions
- Deal with exam stress and anxiety
- Learn what to do before, during and after exam

Sports Day

Award Ceremony

The St. John’s International school (SJIS) Award Day Ceremony is held on February annually to honour and acknowledge high achievers and top scorers, as well as special category award recipients in academic and extra-curricular activities. This event stands as a prestigious moment for both teachers and students alike, not forgetting parents who witness their children being rewarded for their hard work and tenacity. SJIS pushes and recognises all achievements.

Charity Cross Country Run

Carnival Day

The SJIS Carnival is organised by the Interact Club and it has always proven to be a resounding success. The aim of the carnival, apart from giving opportunities for our students to be independent entrepreneurs and able-thinkers, is to raise funds for our CSR activities, which will then be channelled to various charitable organisations.

Carnival Day

Sports Day

A school without games and sports is unthinkable, as they have become a fundamental element of present-day education. True sportsmanship is always visible as our students stand as contenders to be the best. SJIS Sports Day looks at preparation done months in advance. We provide a holistic learning experience for our students.

Carnival Day

Cross Country Run

The SJIS Country Run is an annual event where all members of the staff, parents and students take part to test their endurance and fitness level. The lush greenery of our chosen venue is not only refreshing, but also reminds us on the importance of connecting and conversing with the natural flora and fauna. The scores accumulated by the students from the various designated Sports Houses during the Cross-Country Run will be used to declare the winner of the Cross Country Challenge Trophy.

Alumni Night

Many of our alumni are furthering their education at the best universities in-country and overseas as well. After completing their education, our alumni pursue a wide range of successful careers worldwide, including lawyers, doctors, academics and accountants to name just a few. St. John’s International Secondary School organise reunions and events to help our distinguished alumni keep in touch with each other. We engage with the alumni through regular newsletters and on multiple social media platforms. Our community is growing bigger each year as we have Alumni from the year 2012 up until 2021. We invite you to reconnect with old school friends through a growing number of events, chapters, news and updates. Whether you spent one year or your entire school life with us, you are part of an extensive SJIS global community.

Our achievements

Sports & Clubs Achievements

Science Olympiads (VANDA & ASMO)

Our students have emerged as winners for various titles such as Gold, Silver and Bronze Medals in honourable global events. By participating in such competitions, they constantly gain valuable knowledge and exposure.

Cheerleading

St. John's International School cheerleading squad. The Royals, won the Second Place (1st Runner Up) at Asia Cheerleading Invitational Championship.

Math Olympiads (SASMO, TIMO, DOKA, AIMO , IJMO, SING, SIMOC, AMO&AMC)

SJIS students have been actively taking part in Math competitions, pushing their way forward and coming out as Gold, Silver and Bronze Medal winners in honourable global events. They do not miss out on the opportunities to unleash their mathematical skills and embrace the exposure.

National School Sports Council Competition

At SJIS, we actively push our students to participate in various Field & Track and other sporty activities to gain maximum exposure. Besides that, our students also engage in sports like football, basketball and tennis at Zonal, State and National levels.

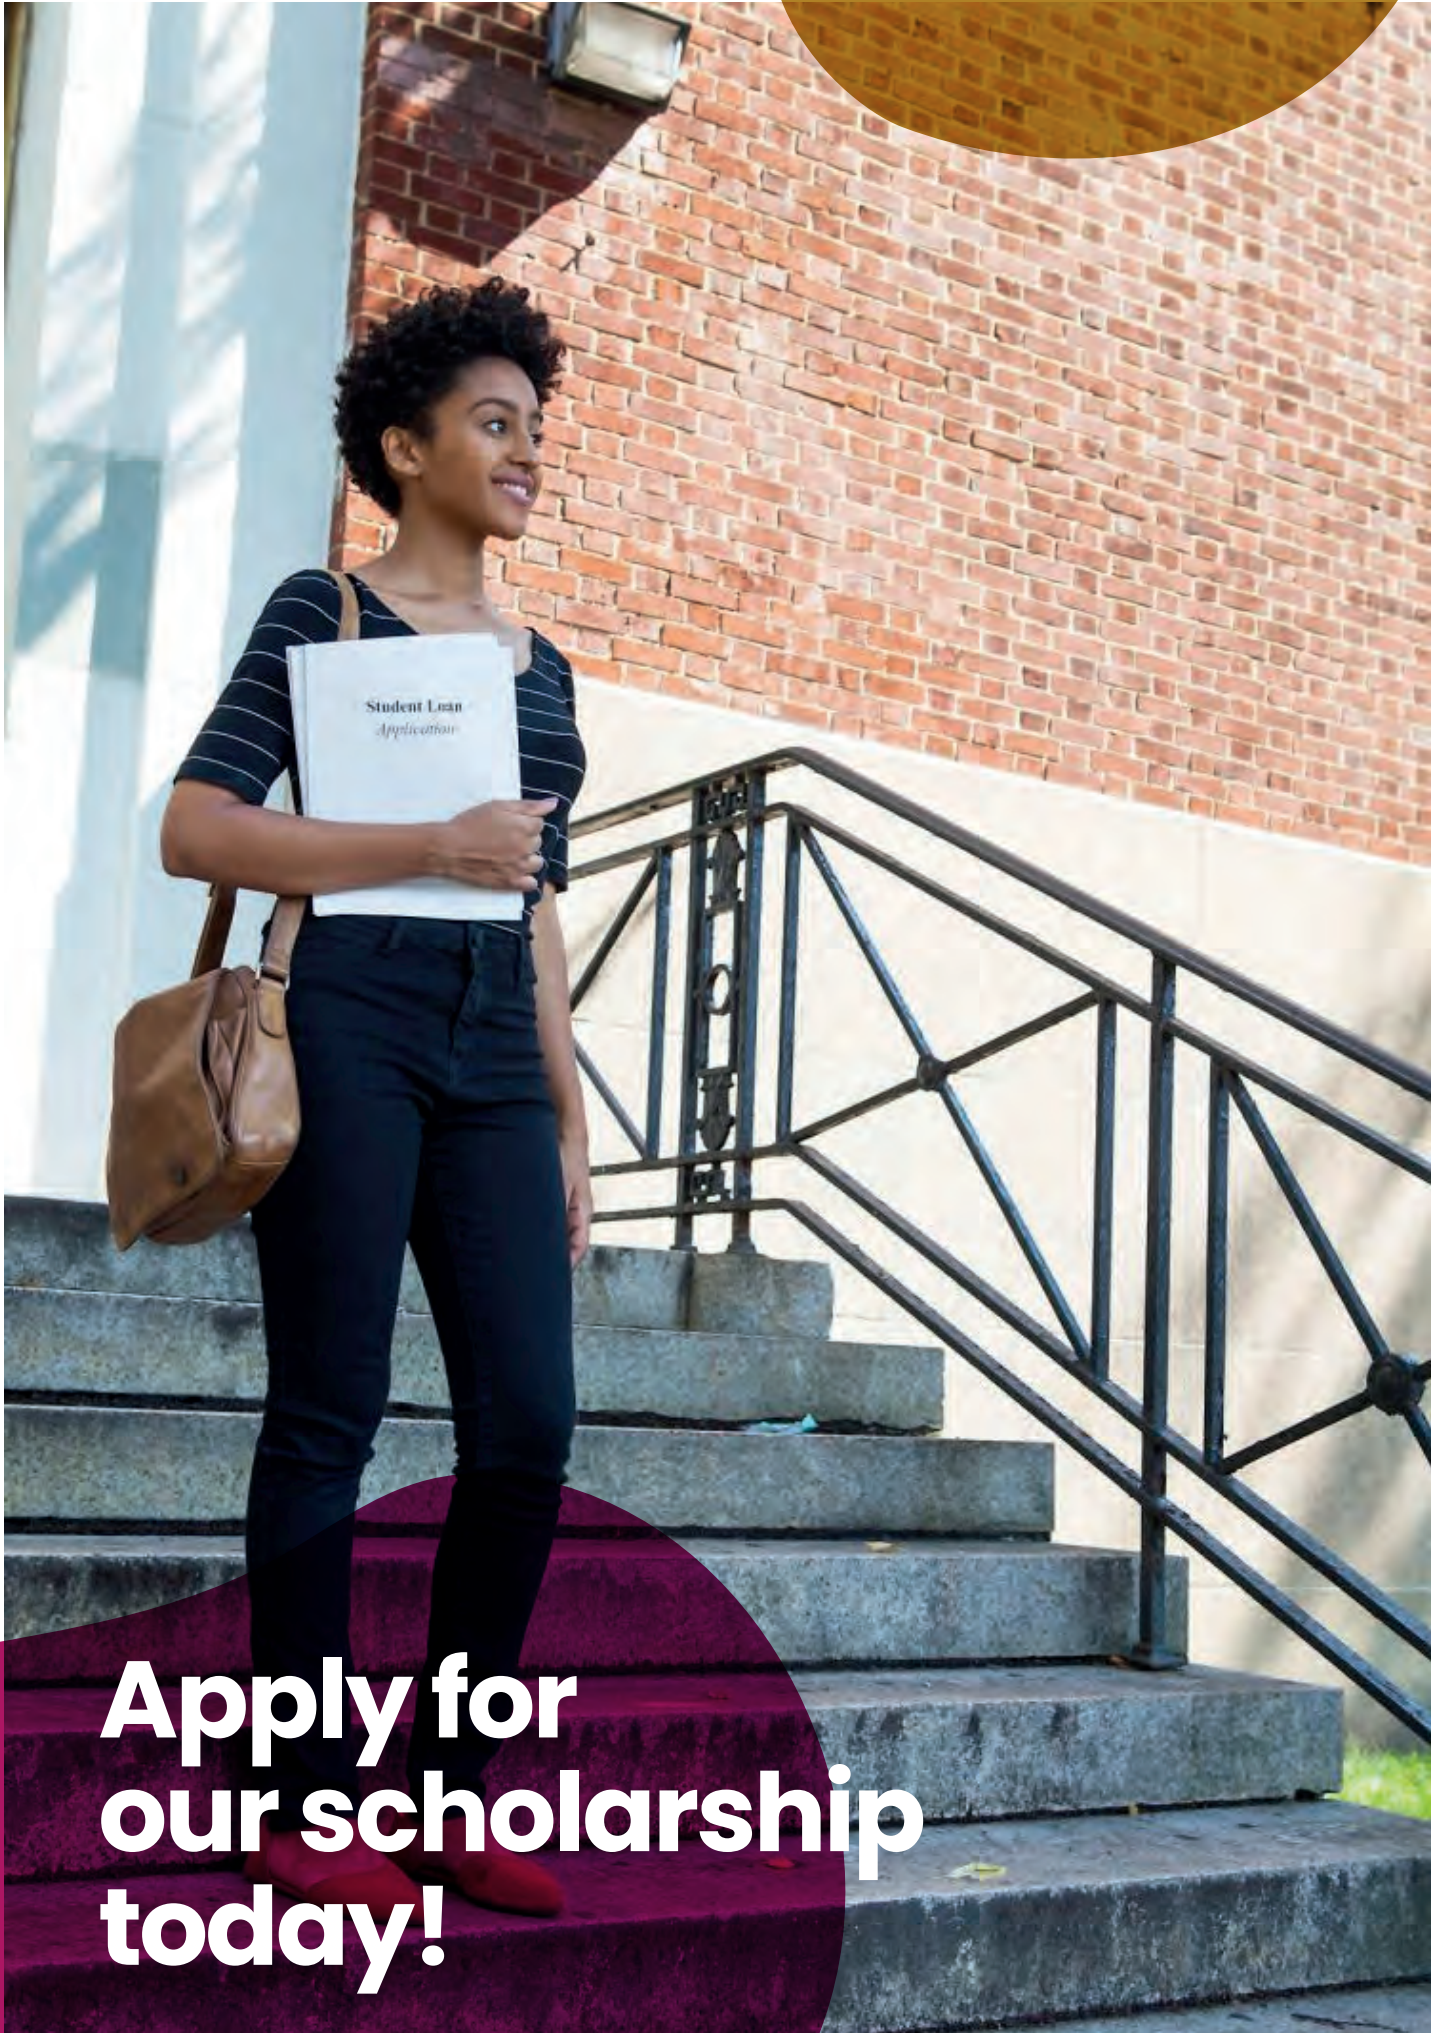

English Language Activities

Our vibrant students participate in competitions such as KTJ Oxbridge Debate Forum, TUIDC, PISF Poetry Slam, and Spelling Bee to sharpen their speaking and listening skills. They also gain opportunities to enhance their critical thinking skills.

Gymnastics

Our students have actively taken part in various rhythmic gymnastics competitions on national and international level and harvested various Gold, Silver and Bronze Medals for a plethora of sub-events.

OUR STORY

At SJIS Pre-University Study Centre, we prepare for the General Certificate of Education (GCE) Advanced Level qualification through examinations by the University of Cambridge International Assessments, that is a part of the University of Cambridge Local Examinations Syndicate (UCLES) which has developed and promoted qualifications around the world for almost 150 years.

.....

The GCE A Level qualification places emphasis on knowledge, understanding, reasoning abilities and skills. It is one of the most recognized pre-university qualifications in the world and is accepted as proof of academic ability for entry into world-class universities in the United Kingdom, USA, Singapore, Germany, Australia, New Zealand, Canada and Malaysia, to name a few.

Quality Policy

St. John's International Edu Group Sdn. Bhd. (SJIEG) is the holding company of SJIS and is committed to providing its students a high quality learning experience to enable them to develop their full potential in academic and character development and achievements. SJIEG will strive to provide services that meet or exceed the expectations of its stakeholders and to continually improve its service level through compliance with all regulatory requirements and regular review of quality objective. Towards this aim SJIEG will undertake continuous risk assessment by identifying measures for further improvement.
